

UNITED STATES
NUCLEAR REGULATORY COMMISSION

WASHINGTON, D. C. 20555
November 9, 1989

Docket No. 50-601

Mr. R. A. Wieseemann
Manager for Regulatory and
Legislative Affairs
Westinghouse Electric Corporation
P. O. Box 355
Pittsburgh, Pennsylvania 15230-0355

Dear Mr. Wieseemann:

SUBJECT: REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE
(AW-89-103)

By application dated October 3, 1989, Mr. W. J. Johnson submitted your October 3, 1989, affidavit along with "Amendment 3 to RESAR-SP/90 PDA Module 2, Regulatory Conformance," and requested that Amendment 3 be withheld from public disclosure pursuant to 10 CFR 2.790.

You stated that the submitted information should be considered exempt from mandatory public disclosure for the following reasons:

1. The information sought to be withheld from public disclosure is owned and has been held in confidence by Westinghouse.
2. The information is of a type customarily held in confidence by Westinghouse.
3. Public disclosure of the information would cause substantial harm to the competitive position of Westinghouse.

We have reviewed your affidavit and the material in accordance with the requirements of 10 CFR 2.790 and, on the basis of your statement, have determined that the submitted information sought to be withheld contains trade secrets or proprietary commercial information.

Therefore, the version of the submitted information marked as proprietary will be withheld from public disclosure pursuant to 10 CFR 2.790(b)(5) and Section 103(b) of the Atomic Energy Act of 1954, as amended.

Withholding from public inspection shall not affect the right, if any, of persons properly and directly concerned to inspect the documents. If the need arises, we may send copies of this information to our consultants working in this area. We will, of course, ensure that the consultants have signed the appropriate agreements for handling proprietary information.

If the basis for withholding this information from public inspection should change in the future such that the information could then be made available for public information, you should promptly notify the NRC. You also should understand that the NRC may have cause to review this determination in the future, for example, if the scope of a Freedom of Information Act request includes your information. In all review situations, if the NRC makes a determination adverse to the above, you will be notified in advance of any public disclosure.

Sincerely,

Loren F. Donatelli, Project Manager
Standardization and Life Extension
Project Directorate
Division of Reactor Projects - III, IV,
V and Special Projects
