OFFICE OF THE
DOCKET CLERK
FAIRFAX

November 3, 1989

Secretary of the Commission
U.S. Nuclear Regulatory Commission
Docketing and Service Branch #PRM-35-9
Washington, D.C. 20555

To whom it may concern:

It has come to my attention that the Commission regulations are restricting the practice of nuclear medicine and nuclear pharmacy. This interference through these regulations could alter the practice of individuals who are knowledgeable, licensed, and provide a service.

Therefore, I urge you to change your regulations so that these restrictive regulations are removed and allow for the traditional practice of nuclear medicine and pharmacy.

Sincerely,

C. Barrie Cook, M.D.
Chairman, Department of Pathology
