Gentlemen:

Subject: Combined Inspection Nos. 030-04530/87-001 through 030-04530/87-015
and 030-04530/88-001 through 030-04530/88-008

This refers to your letter dated March 22, 1989, in response to our letter dated January 23, 1989.

Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a future inspection of your licensed program.

Based on the information you submitted in your letter dated March 22, 1989, and on the discussions held during the inspection, it appears that the personnel at the facilities named in Item B.2 of the Notice of Violation in Appendix A of our letter dated January 23, 1989, had been approved to use radioactive material. We, therefore, withdraw the violation in Item B.2 of the Notice of Violation.

Your cooperation with us is appreciated.

Sincerely,
