Licensee: Duke Power Company
Licensing Stage: Post-OL
Branch and LPM: ORB-1, G. Zech
Review Branch: IS&EP:PM
Requested Completion Date: None
Review Status: Complete

We have reviewed the reported change incorporated in Change 2 to Revision 5 to the Oconee Nuclear Station Security Plan submitted pursuant to 10 CFR Part 50.54(p) by letter dated June 25, 1976. This change consisted of the inclusion of a Storage Yard within the protected area at the northeast corner of the facility. We agree that this change does not decrease the effectiveness of the security plan previously approved and reported in K. R. Goiler's letter to the licensee dated July 25, 1974.

The approved security plan now consists of a document entitled, "Oconee Nuclear Station Security Plan, Revision 5," submitted with letter dated December 18, 1975, Change 1, submitted with letter dated April 26, 1976, and Change 2, submitted with letter dated June 25, 1976.
