

DEC 10 1974

Docket No.: 50-269

K. R. Goller, Assistant Director for Operating Reactors, L

OCONEE 1 - MEETING REQUEST TO DISCUSS FUEL ASSEMBLY PERFORMANCE

As part of the continuing fuel surveillance and proof testing program, the Core Performance Branch requests that a meeting with Oconee 1 and Babcock and Wilcox be arranged toward the end of January, 1975, to discuss the results of fuel assembly inspection that was performed after Cycle 1.

If you have any questions concerning the above request, please contact Dean Houston of my staff on X7603.
