

March 2, 1972

Note to L. Manning Muntzing, DR

Subject: Low Power Licenses - Ministatements and Hearings

The following summarizes the status of known requests for low power operations, and resultant ministatements and hearings.

Indian Point 2 - Fuel loading; ministatement, and license issued; 50% testing ministatement issued; finished hearing on 50% testing; hearing on less than full power operation to begin in April.

✓ Quad Cities 1 & 2 - Fuel loading and 1% testing ministatement and license issued for Quad Cities 1; supplemental hearing notice on environmental matters to be issued after draft environmental statement issued; 20% and 50% ministatements prepared (court enjoined).

Palisades - 20% ministatement and license issued; 60% ministatement issued and hearing completed.

Point Beach - 20% ministatement and license issued; radiological hearings in recess.

Vermont Yankee - 1% ministatement written; radiological hearings on 1% complete; no environmental hearings on 1% requested.

Turkey Point 3 - Request received for 20% license; hearing to start in March; draft environmental statement issued on February 10, 1972.

\* Oconee 1 - Request received for 20% license; no hearing requested yet; draft environmental statement issued on December 13, 1971.
