Gentlemen:

Your response date for submittal of financial information concerning the Davis-Besse, Unit 1 (DB-1) review is now February 2, 1976. Our original letter (dated September 16, 1975) requested your response on December 10, 1975. The revised licensing schedule for DB-1 is the cause for change in dates.

We request that the financial information be updated to interface with our issuance date of April 5, 1976 for the supplement to the DB-1 Safety Evaluation Report.

Please advise us within seven days after receipt of this letter if there are any reasons that you cannot meet our new response date of February 2, 1976.

Please contact us if you have any questions about these matters.

Sincerely,

Original Signed by

A. Schwencer, Chief
 Light Water Reactors Branch 2-3
 Division of Reactor Licensing
