Subject: Docket No. 50-346
Nuclear Fuel Densification Effects

Dear Mr. Giambusso:

Relative to your letter of November 20, 1972, requesting submittal of analyses of nuclear fuel densification effects on the Davis-Besse Nuclear Power Station reactor, we request an extension of the filing date to February 20, 1973 (an additional 47 days). This extension will allow us additional time to provide more comprehensive analyses of the problem with greater benefit to all parties involved.

We hope this request is compatible with your time schedule and priorities.

Yours very truly,

Glenn J. Sampson
