Toledo Edison Company
ATTN: Mr. Lowell E. Roe
Vice President
Facilities Development
Edison Plaza
300 Madison Avenue
Toledo, Ohio 43652

Docket No. 50-346

Dear Mr. Roe:

This confirms our telephone conversation earlier today that a meeting will be held between NRC (Region III), Bechtel Corporation, and Toledo Edison Company representatives in Chicago on August 5, 1975. The meeting, requested by Toledo Edison Company, is to discuss construction activities at the Davis-Besse 1 project and the NRC's related inspection program.

We appreciate the opportunity to enhance better understanding of our mutual problems.

Sincerely yours,

James G. Keppler
Regional Director
