SUBJECT: REQUESTED I&E (REGION 3) ATTENDANCE AT THE DAVIS BESSE, UNIT 1 ACRS SUBCOMMITTEE MEETING (DECEMBER 21, 1976)

We request that the appropriate I&E (Region 3) personnel be present at the ACRS subcommittee for Davis Besse, Unit 1. The ACRS subcommittee meeting will be held on December 21, 1976 in Washington, D. C. at the H Street office beginning at 9:30 AM. No prepared testimony is necessary, but the appropriate personnel should be ready to address the following subjects:

1. Paint test results on the inner surface of the steel vessel containment structure.
2. Status report on preoperational tests required prior to issuance of operating license.
3. Status report by I&E (Region 3) on facility inspections of safety redundant electrical systems.

These matters have already been discussed with Mr. D. Hayes of Region 33.
