MEMORANDUM FOR: V. Benaroya, Chief, Auxiliary Systems Branch, DSS
 G. Linaas, Chief, Containment Systems Branch, DSS
 T. Novak, Chief, Reactor Systems Branch, DSS

FROM: R. J. Bosnak, Chief, Mechanical Engineering Branch, DSS

SUBJECT: DAVIS BESSE UNIT 1, REQUEST FOR RELIEF FROM CERTAIN
 ASME CODE SECTION XI PUMPS AND VALVES INSERVICE TESTING
 REQUIREMENTS - DOCKET NO. 50-346

The Mechanical Engineering Branch, Division of Systems Safety, has received the request for relief from certain requirements of the ASME Code Section XI, 1974 Edition including Addenda through Summer 1975 from Toledo Edison Company. The information related to the proposed inservice testing program is attached. We request your assistance to evaluate the acceptability of the programs in your area, especially, in regards to the classification and relief requests from testing of pumps and valves. We would appreciate your comments as soon as possible. So that we can establish a realistic schedule for completion of this review effort, please advise us by return memo your best estimate as to when you will be able to provide your comments.
