MEMORANDUM FOR: R. J. Bosnak, Chief, Mechanical Engineering Branch, DSS  
FROM: T. M. Novak, Chief, Reactor Systems Branch, DSS  
SUBJECT: SCHEDULE FOR REVIEW OF DAVIS BESSE UNIT 1, PUMP AND VALVE INSERVICE TEST PROGRAM

We have reviewed our current work load and concluded that our best estimate for completion of this task is the last week in February. If other schedules change, or we are able to accommodate this task between other work, improvement in this completion date may be possible.
