Dr. George C. Laurence, President
 Atomic Energy Control Board
 P. O. Box 1046
 Ottawa, Ontario, Canada

Dear Dr. Laurence:

This supplements previous correspondence with you concerning the application filed by The Toledo Edison Company and The Cleveland Electric Illuminating Company for authorization to construct and operate the Davis-Besse Nuclear Power Station on the applicants' site in Ottawa County, Ohio.

I am forwarding for your information a copy of Amendment No. 2 to the application. This amendment contains revised and additional pages and figures for the Preliminary Safety Analysis Report for this facility.

Sincerely,

(signed) Harold L. Price

Harold L. Price
 Director of Regulation
