Dear Mr. Jagger:

This is in reply to your letter of October 17, 1977, about NRC operator licensing at Davis Besse. As you surmised, I'm not directly involved for the NRC with operator licensing. Mr. Paul F. Collins, Chief, Operator Licensing Branch, Office of Nuclear Reactor Regulation is the cognizant individual. I have referred your letter to him. He will be contacting you in the near future to discuss the subject more fully.

I appreciate you thinking of me when you think of NRC, and I am sure that Paul can provide you with whatever information you need.

Sincerely,
