Docket No. 50-346

John W. Cashman, M.D.  
Director of Health  
Ohio Department of Health  
450 East Town Street  
Columbus, Ohio 43216

Dear Dr. Cashman:

The Toledo Edison Company and the Cleveland Electric Illuminating Company have filed an application for a license to operate the Davis-Besse Nuclear Power Station currently under construction in Ottawa County, Ohio. A copy of the application, including the Final Safety Analysis Report, is enclosed for your information.

Also enclosed is a copy of a related notice which has been forwarded to the Office of the Federal Register for publication. This is a combined notice of receipt of the application and notice of consideration of issuance of facility operating license and opportunity for hearing.

In an effort to be more responsive to the needs of the public, the Commission has arranged for documents and correspondence relating to this application to be kept on file for public inspection at the Ida Rupp Public Library, Port Clinton, Ohio 43452. You may wish to refer members of the public who contact your office to this location where they can review the application and other related documents.

Sincerely,

Original Signed by  
Albert Schwencer

A. Schwencer, Chief  
Pressurized Water Reactors Branch No. 4  
Directorate of Licensing
