RE: Telephone Conference Call Minutes of June 24, 1975 - Docket Nos. 50-346A, 50-440A, 50-441A

Gentlemen:

I am writing to insure that the record is correct with respect to a minor aspect of the telephone conference call of June 24, 1975 in the above proceedings.

On page five of the minutes, the conference call secretary Mr. Charno reflects my statement that I had "seen certain documents in Part 1 of Attachment No. 4."

I saw these documents in connection with the assemblage and transmittal of the documents reviewed by Mr. Coufal back to me in anticipation of delivery to the document depository. My view was confined to a glance for identification purposes of the top documents of the various parts of Attachment 4. I did not read in its entirety any single document nor have I or any other member of the Board studied any of the documents reviewed by the Special Master. The Board has made a conscious attempt to avoid exposure to any of the documents for which privilege has been claimed.

A copy of this letter will be placed in the public file as an addendum to the minutes of the June 24, 1975 conference call.

Very truly yours,

Douglas V. Rigler, Chairman
