Mr. William M. White, Chief  
Division of River Basin Studies  
Bureau of Sport Fisheries and Wildlife  
U. S. Department of the Interior  
Washington, D. C. 20240

Dear Mr. White:

In accordance with the understandings which were reflected in Secretary Udall's letter of March 20, 1964 to Chairman Seaborg, I am forwarding two sets of Volumes 1, 2 and 3 of the Preliminary Safety Analysis Report filed by The Toledo Edison Company and The Cleveland Electric Illuminating Company for the proposed Davis-Besse Nuclear Power Station. Two additional sets of the report are enclosed for your convenience in coordinating the Fish and Wildlife Service's review with the Federal Water Pollution Control Administration.

The proposed facility is to be located on the applicants' approximately 900-acre site on the southwest shore of Lake Erie, about twenty-one miles east of Toledo, in Ottawa County, Ohio.

We shall appreciate receiving a report from the Fish and Wildlife Service concerning those features of the proposed reactor operation which might have radiological effects on fish and wildlife.

Sincerely yours,

Original signed by  
Roger S. Boyd

Roger S. Boyd, Assistant Director  
for Reactor Projects  
Division of Reactor Licensing

Enclosures:  
Vols. 1, 2 & 3 of PSAR,  
Davis-Besse NPS (4 sets)
