Federal Register Notice

NUCLEAR REGULATORY COMMISSION  
ADVISORY COMMITTEE ON REACTOR SAFEGUARDS  
SUBCOMMITTEE ON THE DAVIS-BESSE NUCLEAR POWER STATION, UNIT 1

Notice of Meeting

In accordance with the purposes of Sections 29 and 182b. of the Atomic Energy Act (42 U.S.C. 2039, 2232 b.), the ACRS Subcommittee on the Davis-Besse Nuclear Power Station, Unit No. 1, will hold a meeting on December 21, 1976 in Room 1146, 1717 H Street, N. W., Washington, DC 20555. The purpose of this meeting is to review the application of the Toledo Edison Company and the Cleveland Electric Illuminating Company for a license to operate Unit 1.

The agenda for subject meeting shall be as follows:

Tuesday, December 21, 1976.

8:30 a.m. - 9.00 a.m.

The Subcommittee with any of its consultants who may be present will meet in open Executive Session to explore their preliminary opinions, based upon their independent review of safety reports, regarding matters which should be considered during the open session in order to formulate a Subcommittee report and recommendations to the full Committee.

9:00 a.m. until the conclusion of business.

The Subcommittee will meet in open session to hear presentations by representatives of the NRC Staff, the Toledo Edison Company, the Cleveland Electric Illuminating Company, and their consultants, and will hold discussions with these groups pertinent to this review.

*Dupe of*

8002140871

At the conclusion of the open session, the Subcommittee may caucus in a brief, closed session to determine whether matters have been adequately covered and whether the project is ready for review by the full Committee. During the session Subcommittee members and consultants will discuss their final opinions and recommendations on these matters. Upon conclusion of this caucus, the Subcommittee will meet again in brief open session to announce its determination.

In addition to the closed deliberative session, it may be necessary for the Subcommittee to hold one or more closed sessions for the purpose of exploring with the NRC Staff and Applicant matters involving proprietary information, particularly with regard to specific features of the plant design and plans related to plant security.

I have determined, in accordance with Subsection 10(d) of Public Law 92-463, that it is necessary to conduct the above closed sessions to protect the free interchange of internal views in the final stages of the Subcommittee's deliberative process (5 U.S.C. 552(b)(5)) and to protect confidential proprietary information (5 U.S.C. 552(b)(4)). Separation of factual material from individuals' advice, opinions, and recommendations while closed Executive Sessions are in progress is considered impractical.

Practical considerations may dictate alterations in the above agenda or schedule. The Chairman of the Subcommittee is empowered to conduct the meeting in a manner that, in his judgment, will facilitate the orderly conduct of business, including provisions to carry over an incompletd open session from one day to the next.

With respect to public participation in the open portion of the meeting, the following requirements shall apply:

- (a) Persons wishing to submit written statements regarding the agenda may do so by providing a readily reproducible copy to the Subcommittee at the beginning of the meeting. Comments should be limited to safety related areas within the Committee's purview.

Persons desiring to mail written comments may do so by sending a readily reproducible copy thereof in time for consideration at this meeting. Comments postmarked no later than December 14, 1976, to Mr. R. L. Wright, Jr., ACRS, NRC, Washington, DC 20555, will normally be received in time to be considered at this meeting.

Background information concerning items to be considered at this meeting can be found in documents on file and available for public inspection at the NRC Public Document Room, 1717 H St., N.W., Washington, DC 20555 and at the Ida Rupp Public Library, 310 Madison Street, Port Clinton, Ohio 43452.

- (b) Those persons wishing to make an oral statement at the meeting should make a written request to do so, identifying the topics and desired presentation time so that appropriate arrangements can be made. The Committee will receive oral statements on topics relevant to the Committee's purview at an appropriate time chosen by the Chairman of the Subcommittee.
- (c) Further information regarding topics to be discussed, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by a prepaid telephone call on December 20, 1976 to the Office of the Executive Director of the Committee (telephone 202/634-1919, Attn: Mr. R. L. Wright, Jr.) between 8:15 a.m. and 5:00 p.m., EST.
- (d) Questions may be propounded only by members of the Subcommittee and its consultants.
- (e) The use of still, motion picture, and television cameras, the physical installation and presence of which will not interfere with the conduct of the meeting, will be permitted both before and after the meeting and during any recess. The use of such equipment will not, however, be allowed while the meeting is in session.

- (f) Persons with agreements or orders permitting access to proprietary information may attend portions of ACRS meetings where this material is being discussed upon confirmation that such agreements are effective and relate to the material being discussed.

The Executive Director of the ACRS should be informed of such an agreement at least three working days prior to the meeting so that the agreement can be confirmed and a determination can be made regarding the applicability of the agreement to the material that will be discussed during the meeting. Minimum information provided should include information regarding the date of the agreement, the scope of material included in the agreement, the project or projects involved, and the names and titles of the persons signing the agreement. Additional information may be requested to identify the specific agreement involved. A copy of the executed agreement should be provided to Mr. R. L. Wright, Jr. of the ACRS Office, prior to the beginning of the meeting.

- (g) A copy of the transcript of the open portion of the meeting will be available for inspection on or after December 30, 1976 at the NRC Public Document Room, 1717 H St., N. W., Washington, DC 20555, and at the Ida Rupp Public Library, 310 Madison Street, Port Clinton, Ohio 43452.

Copies of the minutes of the meeting will be made available for for inspection at the NRC Public Document Room, 1717 H St., N.W., Washington, DC 20555 after March 21, 1977. Copies may be obtained upon payment of appropriate charges.
