Dear Mr. Chairman:

This is in reference to a telephone call to Kevin Cornell from Dr. Henry Myers on April 18, 1979, in which he requested a copy of NRC records regarding the Davis Besse Nuclear Reactor. Dr. Myers indicated a special interest in any memoranda written by Region III's inspectors, and reports on the reactor.

I am pleased to provide you the enclosed records which relate to the September 24, 1977 transient at the Davis Besse Nuclear Reactor. Attached to this letter is a list of these records. Additional material is presently being compiled and will be provided to you in a few days.

Please call us if we can be of further assistance in this matter.

Sincerely,

(Signed) Lee V. Gossick
