Request for Additional Information

Davis Besse, Unit 1

Docket 50-346

As a result of our review of the Davis Besse Nuclear Power Station Industrial Security Plan, we submit the following requests for additional information and position statements. The response to these concerns should be provided in the form of page changes to the Security Plan (4 copies required). Identify on the submitted pages, with a marginal mark and revision number, those portions of the text which have been revised.
