ORDER

On May 3, 1974, the Applicant filed a letter to this Board with certain enclosures. Since this letter of the Applicant related primarily to the petitions to intervene of the City of Cleveland, the Board saw no relevance to the present status of the case and set the letter aside without further review. This action was confirmed by the letter to the Board filed by the City of Cleveland dated May 9, 1974. The Board

intends to take no action with respect to such letters. As clearly stated at the Prehearing Conference on April 30, the Board does not intend to consider documents or pleadings filed outside the Rules.

IT IS SO ORDERED.
