

DOCKET NUMBER
PROD. & UTIL. EAC. 50-346

Docket No. 50-346

MAR 10 1971

Honorable John D. Dingell
House of Representatives

Dear Mr. Dingell:

Thank you for your letter dated January 25, 1971, and the telegram from intervenor, "Living in a Finer Environment," (LIFE) regarding the Davis-Besse Nuclear Power Station. The public hearing on the application of The Toledo Edison Company and The Cleveland Electric Illuminating Company for a construction permit for the Davis-Besse Nuclear Power Station commenced on December 8, 1970, at Port Clinton, Ohio, and was in process during the periods of December 8-10, 1970, January 5-7, 1971, and January 25-29, 1971. The hearing was resumed on February 8, 1971, and was concluded on February 12, 1971.

In a letter dated January 7, 1971, the applicants for the construction permit requested the Commission, pursuant to 10 CFR 50.12 of the Commission's regulations, for an exemption from the licensing requirements of 10 CFR 50.10 to allow additional below grade construction work on the Davis-Besse Station. On January 25, 1971, the Commission deferred further action with respect to the request.

Your letter and the LIFE telegram have been placed in the Public Document Room under Docket No. 50-346 and were placed in the transcript of the hearing on pages 1605-1606 on February 8, 1971.

Cordially,

Chairman
