Dr. Glen T. Seaborg, Chairman  
U. S. Atomic Energy Commission  
Washington, D. C. 20545

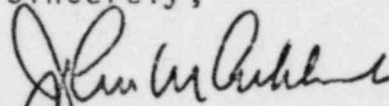

Dear Dr. Seaborg:

I have recently received the enclosed letter from Miss Susan Ruppel of Ashland, Ohio with regard to the Bessie Atomic Plant near Sandusky, Ohio.

Her letter appears to be self-explanatory and I would appreciate your having the proper person look into this matter for us.

Thank you for your assistance. I will be looking forward to hearing from you at your earliest convenience.

Sincerely,

John M. Ashbrook  
Representative to Congress  
17th District

(Aug. 7)

Dear Mr. Ashworth,

I would like to thank you who  
is on the committee of the Boyer  
Atomic Plant. I would particularly  
appreciate the chairman's name.  
There is something I must ask of  
him and I believe that it is of great  
importance.

The plant in near Granddun  
and only five miles away from a  
wildlife conservatory for water  
fowl. It is using Lake Erie's water  
but, not cooling it enough. There-  
fore, fish are dying and also, it  
is speeding up the slow death of this  
lake. That is why the people and  
I, who are, want to write to the  
chairman so he can be encour-  
aged and will do something about  
it.

His wife and I will  
be very grateful to you if you  
would do this. Thank you very  
much and God Bless You.

Dr. Glen T. Seaborg  
Chair, USAEC  
Wash D.C. 20545

Yours very truly  
Gwen

Dear Sir:

I am categorically opposed to the atomic power plant proposed for Ohio. The scientists constantly reassure us that they know what they are doing. But the present ecological mess is due in a great part to scientific "progress." We can't afford to take any more chances.

Yours truly

Gene Drow  
(Mrs George Drow)
