Docket No. 50-346
Ashley
Representative
Harburn House Office Bldg.
Washington, D.C. 20515
APR 9 1971

Dear Congressman Ashley;

I am writing you Sir in regards to the proposed
Honorable Thomas Ludlow Ashley, s-Besse power plant that is to be
House of Representatives, Lorber, Ohio, on the shore of Lake Erie.
I would like to write in Protest of this construction of
Dear Mr. Ashley: power plant because of the condition of the lake
at the present time. I feel anymore discharge of water after
This is in reply to your letter dated January 22, 1971, which enclosed
a letter from Mr. John F. Zion concerning the Davis-Besse Nuclear Power
Station. I feel as a near by property owner at Sand Beach, this
facility would danger the beach inhabitants as long as the
Mr. Zion expressed particular concern about the effects of the discharge
of water from the plant to Lake Erie. I am enclosing a copy of the
Detailed Statement on the Environmental Considerations by AEC's Division
of Reactor Licensing related to the Davis-Besse plant; and I would call
Mr. Zion's attention especially to the discussion of thermal effects
beginning on page 12 of the Statement and the letter from the Department
of the Interior which is attached as Appendix E.

In addition, I am also enclosing a summary which describes the proceedings
concerned with the licensing of the Davis-Besse plant which we prepared
in response to a number of inquiries.

Sincerely yours,
Sincerely, *John F. Zion*
John F. Zion.

Hon. Thomas L. Ashley
U.S. House Of Representatives.
2423 Rayburn House Office Bldg.
Washington, D.C. 20515.

Dear Congressman Ashley;

I am writing you Sir in regards to the proposed Nuclear facility named, Davis-Besse power plant that is to be constructed near Oak Harbor, Ohio. on the shore of Lake Erie.

I would like to write in Protest of this construction of this Nuclear power plant because of the condition of the lake at the present time. I feel anymore discharge of water after it will be used to cool the large generators from this plant will cause algae condition which is present in the lake now.

I also feel as a near by property owner at Sand Beach, this facility would danger the beach inhabitants as long as the plant would be in use.

Please Sir, see what you can voice againts such a large nuclear plant near by so many folks.

Thanking you for your kind help in this matter,

Sincerely your,

John F. Zion.
