Docket No. 50-302

Florida Power Corporation
ATTN: Mr. J. T. Rodgers
Assistant Vice President &
Nuclear Project Manager
P. O. Box 14042
St. Petersburg, Florida 33733

Gentlemen:

This letter is in regard to the current schedule for our review of your application for an operating license for the Crystal River, Unit 3 Nuclear Generating Station. We have evaluated our workload, and based on this evaluation we have targeted the issuance of our Final Environmental Statement for May 15, 1973 and our Safety Evaluation Report for December 5, 1973. A summary of the more important milestones are provided as an enclosure for your information and review. It should be realized that the enclosed dates are target milestones which may require some changes as the review process proceeds. While we will not formally inform you (by letter) of minor changes to the schedule, we will confirm, in writing, significant changes to the schedule.

Many of these milestones require specific input, preparation, or participation from you, such as a responses to questions, site visits, ACRS meetings, responses to public and agency comments. For this reason, we believe that you should critically review the dates associated with these important milestones and advise us as to whether you believe the dates are realistic or should be
