

16-232

MAR 30 1973

Munn, Snyder and Associates
3505 Perry Road
Fairfax, Virginia 22030

Dear Sirs:

Under the terms of your contract No. AT(49-21)-0007, you are herein requested to continue to advise the staff in the review of hurricane protection requirements for the Crystal River Nuclear Generating Plant, Docket No. 50-302 (Work Directive L-5N, originally assigned February 13, 1973). The maximum amount payable to your firm for this assignment is hereby increased by \$2,250 to a total of \$2,500.

In addition, you are requested to advise the staff on hurricane design bases for the Atlantic Generating Station, Project No. 474, under Work Directive L-7N. The maximum amount payable to your firm for this assignment is \$1,000.

Sincerely,

Original signed by
H. R. Denton

Harold R. Denton, Assistant Director
