

Docket No. 50-312

JUN 15 1972

Dr. John W. Heslep, Chief
Environmental Health and Consumer
Protection Program
Department of Public Health
2151 Berkeley Way
Berkeley, California 94704

Application: Sacramento Municipal Utility District, Rancho Seco
Nuclear Generating Station

Dear Dr. Heslep:

This supplements previous correspondence with you concerning the above application. The following amendment to that application is enclosed for your information and use:

Amendment No. 11, dated June 5, 1972

The amendment consists of further answers to questions raised by the AEC regulatory staff in letters dated January 10, and May 5, 1972, regarding the Quality Assurance Program for Construction and Pre-Operational Testing, and pages tabulating the joint frequency distributions of wind direction and wind speed by stability class, for inclusion in the Final Safety Analysis Report.

Sincerely,

Original Signed by
R. C. DeYoung

R. C. DeYoung, Assistant Director
for Pressurized Water Reactors
Directorate of Licensing
