In the Matter of
Consumers Power Company
(Midland Plant, Units 1 and 2)
Construction Permit Nos. 81 and 82

Gentlemen:

Enclosed herewith are the answers of the Regulatory Staff to the "First Set of Interrogatories Directed to Regulatory Staff" by the Saginaw Group on April 22, 1974 in the above captioned proceeding.

The Staff is diligently searching its files for any additional materials which might respond to the final paragraph of the Board's "Order Certifying Interrogatories Directed to AEC Regulatory Staff" of May 10, 1974. That portion of the Board's order calls for:

"... whatever available information it may possess respecting Consumers Power Company's licensed activities which reflects the attitude of Consumers Power Company, and its Senior Management Personnel, toward compliance with the Commission's Regulations and license requirements."

Sincerely,

James P. Murray, Jr.
Counsel for AEC Regulatory Staff
