IE BULLETIN 78-06
FILE: 0505.2 SERIAL: 5652

Your IE Bulletin 78-06 on "Defective Cutler-Hammer Type M Relays with DC Coils" requested that investigation be made to determine whether Cutler-Hammer type M relays with dc coils were used or planned for use in the safety systems at the Midland Plant Units 1 and 2.

Through our investigation, we have determined that there are no Cutler-Hammer type M relays with dc coils which fall into this category.
