Consumers Power Company
ATTN: Mr. S. H. Howell
Vice President
212 West Michigan Avenue
Jackson, Michigan 49201

Gentlemen:

SUBJECT: QUALITY ASSURANCE PROGRAM - MIDLAND

This letter is in response to your letters dated March 23, 1977 and May 16, 1977 that request certain modifications and clarifications of the "Quality Assurance Program" for the Midland Plant, Units 1 and 2.

We have reviewed the proposed changes to the Quality Assurance Program for the Midland Plant submitted to the Nuclear Regulatory Commission in your letter dated March 23, 1977, and as further modified in your letter of May 16, 1977. The Quality Assurance Program description for the Midland plant incorporates the previously reviewed and accepted reports of Consumers Power Company, the Bechtel Power Corporation, and Babcock and Wilcox. These documents are the Consumers Power Company Quality Assurance Program Manual (Topical Report No. CPC-1A, Revision 5), the Bechtel Quality Assurance Program for Nuclear Power Plants (Report No. BQ-TOP-1, Revision 1A), and B&W NREGD Quality Assurance Program for Nuclear Equipment (Report No. BAW-10096A, Revision 3). We understand that Revision 3 of the B&W report, which we accepted July 8, 1977, was fully implemented on the Midland plant by August 8, 1977.

As a result of our review and evaluation of your proposed changes, we find the QA program acceptable for the design and construction phase of the Midland Plant, Units 1 and 2.

Sincerely,

Steven A. Varga, Chief
Light Water Reactors Branch 4
Division of Project Management
