Dear Sir:

This letter will confirm our telephone conversation on May 8, 1973 which concerned the use of Room 309.

The Atomic Safety and Licensing Board requests that Room 309 be reserved on June 11, 1973 for one day for use in the public prehearing of Consumers Power Company's proposed Midland Nuclear Generating Station. The prehearing will be concerned with the antitrust aspect of the case, and it will begin at 10:00 a.m.

Again, thank you for your kind assistance.

Sincerely,
