SUMMARY OF FINDINGS

Enforcement Action

A. Violations

No violations of AEC requirements were identified during the inspection.

B. Safety Matters

No safety matters were identified during the inspection.

Licensee Action on Previously Identified Enforcement Matters

Not applicable to this special inspection.

Design Changes Not applicable.

Unusual Occurrences None identified.

Other Significant Findings

A. Current Findings

An inspection at the corporate offices of the Consumers Power Company (CP) was conducted to review corporate management files. The intent was to determine whether the subject records indicated situations wherein the licensee may have withheld information which should have been reported to the AEC. No evidence was found which indicated, or suggested, that reportable matter had not been previously reported to the AEC as required.

B. Unresolved Matters

No new unresolved matters were identified during the current inspection.

C. Status of Previously Reported Unresolved Matters

No previously reported unresolved matters were involved with this special inspection.

Management Interview

- A. The following persons attended the management interview at the conclusion of the inspection:

Consumers Power Company (CP)

S. H. Howell, Vice President  
W. E. Kessler, Project Manager  
G. S. Keeley, Director of Quality Assurance Services  
H. W. Slager, Project Quality Assurance Supervisor

- B. Matters discussed and comments, on the part of management personnel, were as follows:

The inspectors stated that the following CP corporate office files, relative to the Midland Plant, were reviewed: (1) general information, (2) correspondence, (3) Project Quality Assurance Services - Midland Project, and (4) monthly reports. The inspectors further stated that no problems were identified during this review, and the results of the review raised no substantial questions. Licensee personnel acknowledged this information.
