ENCLOSURE

MAY 15 1978

AGENDA*

1. Review of Staff's requests on Midland to date, relative to Asymmetric LOCA loads, and comparison with staff's requests on operating plants.
2. Discussion of anticipated additional staff requests on Midland (including fuel integrity) regarding this subject.
3. Review of what Midland analyses are being performed.
4. Review of when Midland analyses will be completed.

*The meeting is not intended to provide the technical detail of the methodology or analysis results (i.e., the "how" of the analysis). Rather, it is oriented toward the form and schedule of the responses, discussions of limitations imposed by present plant construction status, and to stress the need for coordination among branch questions and timely identification of additional requests.
