Mr. Edward J. Bauser  
Executive Director  
Joint Committee on Atomic Energy  
Congress of the United States

THIS DOCUMENT CONTAINS  
POOR QUALITY PAGES

Dear Mr. Bauser:

A copy of the following document relating to the facility license application filed by the Consumers Power Company for authorization to construct and operate the Midland Plant, Units 1 and 2, is enclosed for the information of the Committee:

Supplement to Safety Evaluation prepared by the  
Division of Reactor Licensing.

This supplement reflects the application of the interim acceptance criteria for the performance of emergency core cooling systems (ECCS) to the Midland Plant, and the AEC's evaluation of a modification of the design of the radioactive waste disposal system and of the updated financial information.

Sincerely,

Peter A. Morris, Director  
Division of Reactor Licensing
