**In the Matter of Consumers Power Company
Midland Plant, Units 1 and 2
Docket Nos. 50-329 and 50-330**

Dear Mr. Cherry:

Pursuant to your telephone request of this date I am transmitting a copy of the Initial Decision in the Indian Point 3 construction permit proceeding and a copy of the letter from the Division of Reactor Licensing to Consumers Power Company dated March 28, 1969. The March 28 letter is included as Item No. 3 in the transmitted folder which contains all substantive correspondence between the AEC regulatory staff and Consumers Power Company. This correspondence will be offered in evidence by either the AEC regulatory staff or Consumers Power Company during the course of the hearing.

Incidentally, I have been informed by the Commission's Public Proceedings Branch that the March 28 letter is on file in the Public Document Room. I cannot understand why you were unable to obtain a copy.

Also pursuant to your request I have mailed to Mrs. Mary Sinclair a copy of the AEC regulatory staff's draft detailed environmental statement on the Midland Plant.

Sincerely,
