

June 1, 1971

Dr. George Owen  
600 E. Carpenter  
Midland, Michigan 48640

Dear Dr. Owen:

This will confirm the telephone arrangements made May 28, 1971. I understand the gymnasium at the Jefferson Junior High School, 800 Chapel Lane, Midland, will be made ready and available for the Atomic Safety and Licensing Board commencing at 10:00 a.m. on June 21, 1971. The Board will use the space for the purpose of conducting the reconvened public hearings in the matter of Consumers Power Company's application for licenses to construct nuclear power plants on their site nearby (Docket Nos. 50-329, 50-330).

I have enclosed a rough chart showing a desired setup of the room. Please forward any bills incurred for out-of-pocket housekeeping expenses to my attention for processing.

I will inform you promptly should there be a change in schedule. Thank you for your courtesy and helpfulness.

Sincerely yours,

Original signed by
