Dear Mr. Lundvall:

Thank you for your letter of May 15, 1980 to Chairman Ahearne expressing your concerns with the proposed approach to the issue of Anticipated Transients Without Scram (ATWS) as set forth in NUREG-0460, Vol. 4.

I assure you that the staff will give careful consideration to your comments as well as all the other available comments on NUREG-0460, Vol. 4 before making its recommendations to the Commission.

Sincerely,

Original Signed by
