OFFICE OF THE
COMMISSIONER

COMMISSION
CORRESPONDENCE

The Honorable Charles McC. Mathias
United States Senate
Washington, D.C. 20510

Dear Senator Mathias:

I understand that at a recent hearing you expressed interest in the institutional arrangements created by the NNPA as they affect the decision-making process related to proposed uranium exports to India. Of possible interest in this connection are my statement accompanying the Commission's decision on the Tarapur export matter and remarks which I made last year on the subject of institutional arrangements.

Sincerely,

Richard T. Kennedy
