Dear Mr. Wu:

You will find attached testimony presented at the Railroad Commission hearing on the Anaconda Rhode Ranch project on July 13, 1980. You will note that all of your concerns which you mentioned to me are addressed in the testimony of Mr. Ed Reed, which is included in this package.

Please bend every effort to have our permit issued at your earliest convenience. I hope you can make the July 15 deadline.

Yours very truly,

G. R. Davis
