FREEDOM OF INFORMATION
ACT REQUEST

FOIA-80-301
rec'd 6-6-80

Dear Sir:

Re: FOIA Request - TMI II

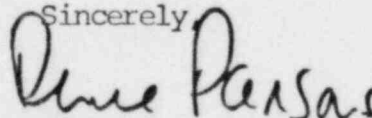

As is my right under 5 USC 552, the Freedom of Information Act, I hereby request copies of the following documents from the period covering April, 1979 to the present:

"relating to the boron water to maintain the subcriticality of the core at TMI II, subsequent processing of that boron water as well as water stored in the borated water storage tanks as referred to in Metropolitan Edison documents dated January 30, 1980 and February 28, 1980."

I expect to hear from you within the statutory period of time or, if no response is forthcoming, I will assume that such request is denied. If such request is, in fact, denied, I would like to request that the appropriate administrative appeals process be instituted. Please notify me immediately if such request is denied at the highest administrative level.

While I would like to request such material be provided free of charge, I would also request that I be notified if there is a charge which exceeds \$25.

Sincerely,

Renee Parsons
