

NUCLEAR REGULATORY COMMISSION

(Docket No. 50-320)

METROPOLITAN EDISON COMPANY(Three Mile Island Nuclear Station, Unit 2)ISSUANCE OF DIRECTOR'S DECISION UNDER 10 CFR 2.206

On September 14, 1979, a notice was published in the Federal Register that a petition by the Anti-Nuclear Group Representing York (ANGRY) was being considered under 10 CFR 2.206. ANGRY's petition requested that the Commission prepare an environmental impact statement concerning the venting of radioactive gases from the reactor building of the Three Mile Island Nuclear Station, Unit 2. Because this action will not cause any significant environmental impact, it has been determined not to prepare an environmental impact statement. Accordingly, ANGRY's petition is denied.

A copy of the formal decision denying the petition is available for inspection in the Commission's Public Document Room at 1717 H Street, N.W., Washington, D. C. 20555 and in the local public document rooms at the State Library of Pennsylvania (Government Publications Section), Education Building, Commonwealth and Walnut Streets, Harrisburg, Pennsylvania 17126 and the York College of Pennsylvania, Country Club Road, York, Pennsylvania 17405. A copy will also be filed with the Secretary for the Commission's review in accordance with 10 CFR 2.206(c). As provided in 10 CFR 2.206(c) this decision will become the final action of the Commission twenty days after issuance unless the Commission elects to review the decision on its own motion within that time.
