Gentlemen:

Thank you for your letter dated June 17, 1980, informing us of the steps you have taken to correct the noncompliance identified in our letter dated May 22, 1980. We will examine your corrective action during a future inspection.

The estimated completion dates for revision of the vital area surveillance test, modification of the "E" field sensors and perimeter fencing and installation of tamper switches appear reasonable. Please advise this office if any of the estimated completion dates cannot be met.

Your cooperation with us is appreciated.

Sincerely,

*J. A. Hind*
