Dear Ms. Vlasits:

I received your letter of April 23, 1980 regarding the recent meeting which we held at the Peach Bottom Facility. We also received a letter from Senator Sarbanes expressing a similar concern. I have enclosed a copy of our response to him which lists the various news media receiving our press releases regarding such events at Peach Bottom.

As discussed in the enclosure, FEMA will be holding a public meeting later this year at which time the public will again have an opportunity to express their views and concerns regarding emergency planning.

Thank you for your concerns on this matter.

Sincerely,

Brian E. Grimes, Program Director
Emergency Preparedness Programs Office
