MIDLAND NUCLEAR POWER COMMITTEE
RESPONSES TO SAGINAW INTERVENORS

The following are Midland Nuclear Power Committee's responses to those Interrogatories served by the Saginaw Intervenors by mail on March 22, 1971, to which Midland Nuclear Power Committee is not simultaneously serving notice of its objections:

Interrogatory No. 233

In specific response to Saginaw Interrogatory to Midland Nuclear Power Committee No. 233 and as respects those portions of remaining Interrogatories seeking information as to Midland Nuclear Power Committee's plans to introduce evidence at the Hearing:

Midland Nuclear Power Committee does not presently intend to call any witnesses or offer any documents into evidence at the Hearing. Midland Nuclear Power Committee is confident that the expertise of the Staff, the Applicant and their witnesses and proofs will amply sustain the required burden and are hopeful that these hearings will be progressed promptly to this end. Midland Nuclear Power Committee takes vigorous exception to any inference that the passive nature of their involvement in support of applicant in this proceeding is relevant to its standing as an intervenor herein.

Dated at Midland, Michigan

Respectfully submitted,
