Docket Nos. 50-329

Mr. J. Leslie Toohar
1450 Valencia Road
Schenectady, New York 12309

Dear Mr. Toohar:

Thank you for your letter of September 16, 1977. We are pleased that we could respond to your concerns. An important consideration in any proceeding conducted by the Nuclear Regulatory Commission is a search for the truth. However, as you recognize, that search must be conducted with propriety and all attorneys involved must comport with the rules of conduct required in courts of the United States. The censure motion filed by the Staff seeks to insure that these standards are maintained. Again, thank you for your reply. If you have additional concerns, please do not hesitate to contact me.

Sincerely,
