J. M. Felton, Director
Division of Rules and Records
Office of Administration
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Felton,

Reference is made to your letter of August 27, 1979, concerning my request to review NRC Commissioner Victor Gilinsky's telephone log.

In that letter you wrote that maintenance of the Commissioner's telephone log was a relatively new procedure in the office, but that, at the end of the year, it could be made available.

The purpose of this letter is to accept that offer.

Would you please make available for inspection all logs and related calendars and memoranda that are now accessible? Naturally, if they prove of interest, I should like to copy certain pages or entries.

Please inform me of a time and place where such an inspection can take place.

A copy of your earlier correspondence is enclosed for ready reference.
