Comanche Peak Steam Electric Station,
Unit Nos. 1 & 2, NRC Dkt. Nos. 50-445A
and 50-446A

Gentlemen:

It has come to my attention that, inadvertently, the Staff's Motion for Extension of Time was stapled together with the Joint Motion of the NRC Staff and the Department of Justice for Clarification and Motion to Establish a Schedule for Production of Documents when both were filed with the Board and served upon the parties. Obviously, these are two separate and unrelated pleadings, and the Board and the parties should treat them as such.

Sincerely,

Fredric D. Chanania
