

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

TSP/A  
50-320

JUN 26 1980

Mr. Steven E. Alger  
Box #69, Philo Road  
Columbiaville, New York 12050

Dear Mr. Alger:

This is in reply to your letter of May 12, 1980, to the President on the safety of nuclear power plants.

Enclosed is a statement of December 7, 1979, by the President on the Kemeny Commission Report on Three Mile Island. This includes the following:

"The steps I am announcing today will help to ensure the safety of nuclear plants. Nuclear power does have a future in the United States. It is an option that we must keep open. I will join with the utilities and their suppliers, the Nuclear Regulatory Commission, the executive departments and agencies of the Federal government, and also the State and local governments to assure that the future is a safe one."

An Action Plan has been developed to provide a comprehensive and integrated basis for the actions judged necessary by the Nuclear Regulatory Commission to correct or improve the regulation and operation of nuclear facilities as a result of the experience with the Three Mile Island accident and the official studies and investigations of the accident. Every effort is being made to protect the public health and safety at all nuclear power plants that are currently in operation or that may start operating in the future.

Sincerely,

A handwritten signature in cursive script that reads "Harold R. Denton".

Harold R. Denton, Director  
Office of Nuclear Reactor  
Regulation

The President  
The White House  
Washington, D.C. 20500

Dear Mr. President:

As a citizen of the United States, I am very concerned with the dangers involved with Nuclear Power Plants. I feel that the future building of Nuclear Power Plants could be dangerous from the previous experiences with Three Mile Island. I believe that anything can work if it is safe and given a chance, but this is why I am writing this letter to seek advice from you on the situation. I would also like to find out how our representatives, who are concerned with this situation, feel about it and a voting record on this issue. Thank you for your time and kindness in seeking this information on the situation.

Sincerely Yours,  
Steven E. Alger
