Dear Dr. Montet:

I understand that Stanley Consultants, Inc. (SCI) has sufficient funds remaining in their subcontract to ANL to pay for about one week of Loren Furland's time and that they wish to know our intentions regarding these available funds. At the present time we have no need for further specific assistance from SCI. However, it is likely that later on we will need to have SCI review finalized material incorporating their inputs or respond to management review comments on cost figures, etc. which SCI has generated. Therefore, we would intend to call upon SCI for further assistance only on an "as needed" and "as available" basis.

Such a need for further SCI assistance could arise as late as this September since Commission review is scheduled for completion in late August. Considering this we would ask only that the termination date of the SCI subcontract be extended to September 30, 1980. Please let me know if you need any further information regarding our plans to use the remaining SCI funding.

Sincerely,
