Re: Reno Creek Site In Situ Research and
Development License Application

Dear Mr. Ackerman:

As requested in a June 13, 1980 letter from Mr. Dennis Morrow of your department's office in Sheridan to Mr. Michael Neumann of our Nine Mile Lake facility, please find enclosed an executed copy of Form 5, Application for In Situ Research Testing License, for the Reno Creek ISL site. This form should be considered part of the original Reno Creek License Application which was submitted pursuant to the requirements of the Land Quality Division, Chapter XIV.

Should you have any questions or require any additional information, please feel free to contact me at (303) 422-8816.

Sincerely,
